About Us

Welcome to Alathena International Elementary School – an academic institution that provides students with a strong academic foundation in a safe and nurturing environment.

As an independent school that spans from Kindergarten to Grade 12, we witness, and influence, tremendous growth in our students, and we feel privileged to guide them through this journey.

Our dedicated teachers construct creative and innovative programs so that every individual child's needs, potential, interests, and talents are nurtured and developed.

Montessori Elementary

Alathena Elementary School welcomes young learners from Junior Kindergarten to Grade 5 by offering a nurturing and inclusive community that supports students at every age and stage of their educational journey.

Why Us?

- *Small class sizes are maintained*, allowing for individual attention and the fostering of effective communication between students and teachers in a friendly, caring and nurturing environment.
- *We offer a structured program, stressing basic skills.* Early Learning courses includes Maths, Reading, Written and Oral Expression, Environmental Studies and Introduction to French. It also includes activities to develop social, physical and creative skills.
- *Individualized programs* are established for those students who may be advanced in certain subjects so that they do not become bored, and similarly for those students who may be experiencing difficulty with certain subjects so that they do not become frustrated.
- *Homework* is considered an integral part of the students' program, beginning in the early grades.
- *Organizational skills and the development of good work/study habits* are stressed beginning in the early grades.

Grade 6 - Grade 8

Middle School

We offer a challenging & diverse curriculum.

Within the Middle School (Grades 6 - 8), Alathena strive hard to create a warm, supportive, and innovative learning environment, and use the STEAM education for students to pursue their passions from a wide variety of club choices, global and local community initiatives, experiential educational opportunities and exciting learning plans both in and out of the classroom.
